Address: Mekelle, Tigray, 7000, Mekelle, Ethiopia (Home)

ABOUT ME

Software Engineer with professional experience as a Full-Stack MERN Developer & Odoo ERP Developer. Expert in developing Web Apps & Enterprise Business Solutions. Proficient in React.js, Node.js, Express.js, Python, Django, Odoo ERP & databases like PostgreSQL & MongoDB, with hands-on experience developing RESTful APIs, customizing ERP modules, and optimizing backend systems. Passionate about delivering clean, maintainable, and high-performance software that solves real-world business challenges.

EDUCATION AND TRAINING

12/10/2018 – 18/06/2025 Mekelle, Ethiopia

B.SC IN COMPUTER SCIENCE AND ENGINEERING Mekelle University - Mekelle Institute Of Technology (MIT)

Relevant Courses:

- **Core Computer Science:** Principles of Computing, Programming in C, Object-Oriented Programming with C++, Data Structures, Design and Analysis of Algorithms, Database management Systems.
- **Systems & Architecture:** Computer Organization and Architecture, Operating Systems, System Programming, Compiler Design, Microprocessors, Microcontrollers, Embedded Systems, VLSI Design
- **Networks & Security:** Data Communications, Computer Networks, Cryptography and Network Security • **Artificial Intelligence & Data Science:** Artificial Intelligence, Machine Learning, Natural Language Processing, System Simulation and Modeling
- **Software & Applications:** Software Engineering, Computer Graphics
- **Mathematics & Foundations:** Discrete Mathematics, Probability and Statistics, Computational Methods, Digital Logic Design, Analog Electronics, Electrical Circuit Analysis

Website www.mu.edu.et | **Field of study** Computer Science and Engineering | **Final grade** 3.91 / 4.0 | **Type of credits** ECTS |

Number of credits 358 |

Thesis Disease Detection and Cure Recommendation for Tomato, Potato, and Green Pepper Using AI-Based (CNN Model) Android Application with Flutter

WORK EXPERIENCE

SOFTWARE DEVELOPER – NIYAT CONSULTANCY AND SOFTWARE COMPANY – 22/09/2025 – Current – ADDISABEBA, ETHIOPIA

- Designed, developed, and customized Odoo ERP modules to streamline business processes and improve operational efficiency.
 - Extended and maintained ERP functionalities across Sales, Purchase, Inventory, Accounting, Human Resources, and CRM modules.
 - Developed REST API integrations, custom models, reports, and automated workflows using Python, Odoo, PostgreSQL, XML, and JavaScript.
 - Collaborated with cross-functional teams to deliver secure, scalable, and high-quality enterprise solutions following software engineering best practices.

BACKEND DEVELOPER – GEEZ EDTECH – 20/06/2025 – 20/09/2025 – MEKELLE, ETHIOPIA

- Developed and maintained scalable backend applications using Python, Django, and Django REST Framework.
- Designed and implemented secure RESTful APIs, authentication, authorization, and backend business logic for web applications.
- Built and optimized PostgreSQL databases, ensuring efficient data management, query performance, and reliable application functionality.
- Collaborated with frontend developers and senior engineers to integrate backend services and deliver secure, scalable, and production-ready software solutions.

● INTERNSHIP PROGRAM

02/10/2024 – 16/02/2025

Networking and Design Data Centers

- Contributed to the practical design of a data center
- Gained hands-on experience with Cisco networking devices, modern rack designs, server operating systems, and cooling systems
- Worked with NAS & SAN storage, virtualization technologies (VMware), and physical/data security measures
- Familiar with DCIM, structured cabling, UPS systems, fire suppression, and access control

● PROJECTS

AI Powered Helpdesk Chatbot For Ride Hailing System

- Designed and developed an AI-powered chatbot system for automated customer support.
- Built and integrated the frontend in React and backend in Python/Django, ensuring smooth interaction
- Implemented natural language processing (NLP) for understanding and responding to user queries.
- Integrated the system with real-time APIs and databases(PostgreSQL) to provide accurate, dynamic responses.
- Conducted testing, debugging, and documentation to ensure reliability, scalability, and user-friendliness.

11/02/2024 – 27/05/2024

Full-Stack Simple E-Commerce Platform

- Designed and developed a full-stack e-commerce application using React.js, Node.js, Express.js, and MongoDB.
 - Implemented secure JWT-based authentication, role-based access control, and RESTful APIs for user, product, and order management.
 - Built a responsive, scalable, and secure application by following modern software engineering best practices and clean architecture principles.

● FINAL YEAR PROJECT

20/03/2025 – 12/05/2025

Disease Detection and Cure Recommendation for Tomato, Potato, and Green Pepper Using AI-Based (CNN Model) Android Application with Flutter

- CNN-based model for detecting tomato, potato, and pepper diseases by Captured the Image of these plants.
- Integrated TensorFlow Lite into Flutter for offline mobile inference.
- Deployed React-Django web version with Firebase and MongoDB.

● SKILLS

Technical Skills

HTML, CSS, JavaScript, React Js | TailWind Css | Next js | Python/ Django | Node Js | MongoDB | Firebase | PostgreSQL

AI and ML Libraries

Numpay, Pandas | CNN models | Tensorflow | OpenCV | Keras

IT Skills and basic programming

Microsoft Office | Microsoft word | Microsoft Excel | Power Point | C/C++

Soft Skills

Leadership | Fast adaptability and Self learner | Time management | Critical Thinking | Effective Communication

● **HONOURS AND AWARDS**

17/06/2025
Certificate of Academic Excellence – Mekelle University - Mekelle Institute of Technology

- I graduated with honor from Mekelle University for my achievement of high score in my undergraduate study.

Certificate of Appreciation – Mekelle University - Mekelle Institute of Technology

- Daily Lab Attendants Coordinator
- An Active member of ARAYA CHARITY CLUB Department of Education

● **VOLUNTEERING**

22/09/2023 – 13/05/2024 Aynalem, Mekelle, Tigray, Ethiopia
Tutoring at Aynalem primary school

- Teach ICT and basic computer skills to elementary school students at Aynalem Elemntary School.
- Introduced students to technology fundamentals, including computer operation, internet use, and digital literacy.
- Shared my academic journey and experiences to motivate students toward higher education and technology careers.
- Offer guidance, encouragement, and emotional support to build self-esteem and independence

● **LANGUAGE SKILLS**

Mother tongue(s): **TIGRIGNA**
Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
AMHARIC	C2	C2	C2	C2	C2
ENGLISH	C2	C2	C2	C2	C2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

● **HOBBIES AND INTERESTS**

HOBBIES

- Committed to self-improvement through reading about psychology and Reading technology-related books and research papers.
- Teaching and mentoring young learners in ICT.
- Watching documentaries, educational videos and attending personal development seminars.

INTERESTS

- Enjoy traveling and learning about diverse cultures, participated in a cultural exchange program
- Personal Development in self-improvement activities like reading, attending workshops, or online courses.
- Continuous learning and professional development in IT

● **RECOMMENDATIONS**

Dr. Gebreselama Gebreyohans(PhD) Deanof Mekelle Institute of Technology

If references are needed, please contact the Dean of my campus for further information.

Email gebreselema.gebreyohannes@mu.edu.et | **Phone** (+251) 913795053

Mr. Solomon teklehaimanot mawcha Lecturer at Mekelle Institute of Technology

He was my Instructor during my undergraduate study

Email solomon.teklehaimanot@mu.edu.et | **Phone** (+251) 914016021
